

## PENS

Mythologically, it is believed that the real pens were made by the Egyptians. They took a hollow stem and tied a piece of copper to one end of the stem. The first letter handwriting was done by the Greeks almost four thousand years ago. After the introduction of paper in the Middle age people started using feathers of birds as pens and then they used the feathers of birds for a thousand year. The First fountain pens were introduced by the Americans during the 1880's. The ball pen is the invention of the twentieth century. There is a tiny ball of chrome steel at the tip of it. The size of this ball is about one millimeter, in diameter.

## WOMAN

Why are you crying, a young boy asked his Mom?

"Because I'm a woman," she told him. "I don't understand," he said.

His Mom just hugged him and said, "And you never will, but that's O.K.".....

Later the little boy asked his father, "Why does Mom seem to cry for no reason?"

"All women cry for no reason," was all his Dad could say.....

The little boy grew up and became a man, still wondering why women cry.

Finally he put in a call to God and when God got back to him, he asked "God, why do women cry so easily?"

GOD answered..... "When I made woman, I decided she had to be special.

I made her shoulders strong enough to carry the weight of the world; yet,

made her arms gentle enough to give

comfort... I gave her the inner strength to endure childbirth and the rejection that many times will come even from her own children.

I gave her a hardness that allows her to keep going and take care of her family and friends, even when everyone else gives up; through sickness and fatigue without complaining....

I gave her the sensitivity to love her children under any and all circumstances. Even when her child has hurt

her badly.... She has the very special power to make a child's boo-boo feel better and to quell a teenager's anxieties and fears....

I gave her strength to care for her husband, despite faults and I fashioned her from his rib to protect his heart....

I gave her wisdom to know that a good husband never hurts his wife, but sometimes tests her strengths and her resolve to stand beside him unflinchingly....

For all of this hard work, I also gave her a tear to shed.
